

Wellness Coaches A Total Healthcare Solution

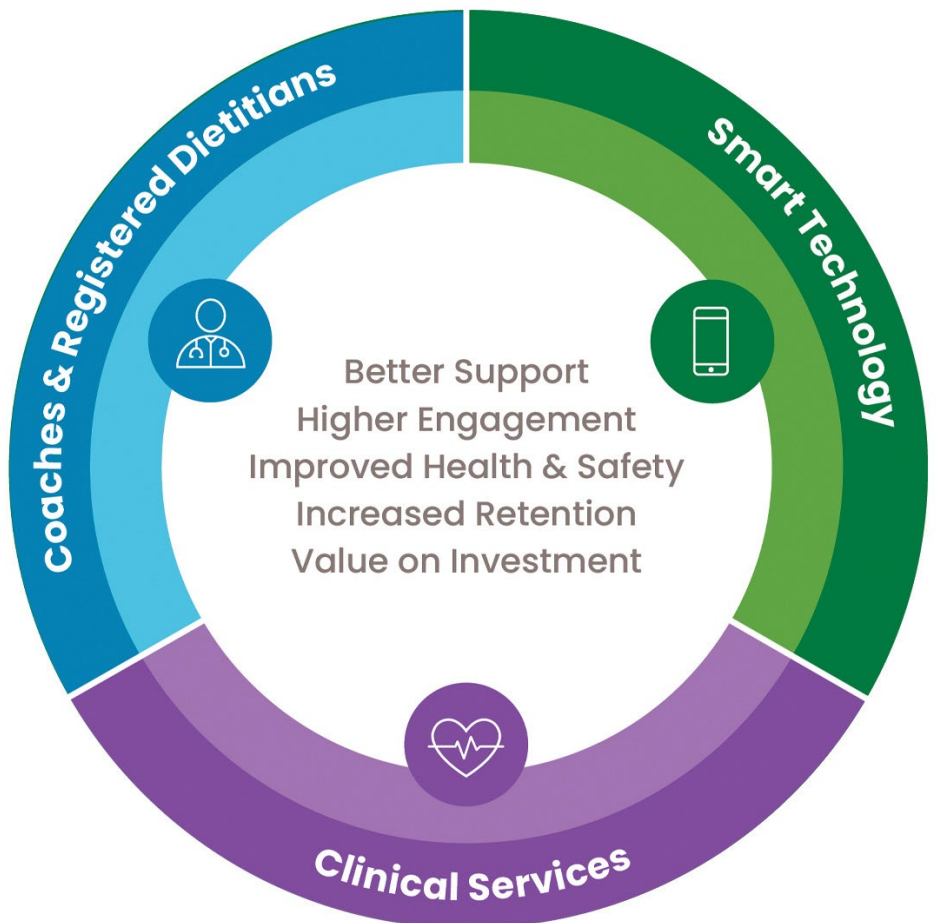

Employers choose us because we're different.

Our patented, cutting-edge technology, complimented by our personalized connections made through our Wellness Coaching and Nutrition Services, enables you to offer employees one-of-a-kind programs unlike any other in the marketplace today.

Our solutions are easy to access for today's multi-tasking employees.

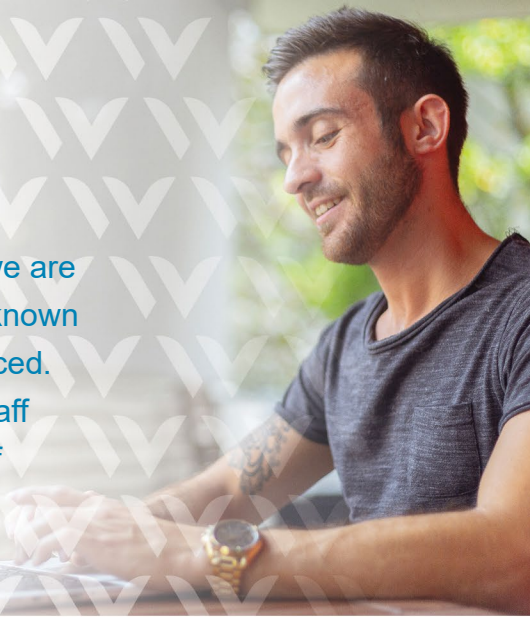

From virtual or in-person interaction and mobile apps, to on-line community support and best-in-class Registered Dietitians and Coaches, our proven programs are versatile, customizable and effective.

Our solutions result in healthier, happier, and empowered employees while reducing employers' healthcare costs.

We're not just a wellness company, we are your trusted and responsive partner known for being quick, flexible and experienced. With more than 5,000 professional staff available, we're improving the lives of hundreds of thousands of employees through 500+ corporate partnerships spanning all 50 states.

Let us show you why employers choose us. We're different. Whether virtual or on-site, our smart technology, complimented by our signature human touch, enables you to offer employees one-of-a-kind programs unlike any other in the marketplace today.

Caring and Personalized Connections

We combine the power of data, technology and personalized connections to provide one-on-one support through our 5,000+ trained professional Coaches, Registered Dietitians, and a variety of allied healthcare professionals.

Healthy Ways® Digital Platform

For companies looking to provide their employees the most comprehensive and integrated digital engagement platform, Healthy Ways® utilizes individual needs, interests, and risks to provide a unified, personal experience for each participant.

Nutrition Services: Food as Medicine

Let us help you drive lower healthcare costs with a turnkey, in-person or virtual nutrition solution. Our programs are available at no cost under many health plans, confidential and HIPAA protected, and available for spouses and dependents.

Safety & Injury Prevention

Your company has unique needs, and we can deliver a unique solution. Whether in the office or on the job site, our flexibility allows you to integrate our solutions into your existing workflows and environment.

QuitNet Community

Only Wellness Coaches has QuitNet, the longest running, clinically validated smoking cessation network that has helped 240,000 people quit and stay quit for good. Let us give you a demo today.

We would love to connect with you and discuss your population's unique needs. Contact us at wcusa.com/contact to schedule an appointment today.
